

The Institute of Textile Science

Incorporated, Canada 1956

117th Scientific Session – April 19th, 2018

The 117th Scientific Session of the Institute of Textile will take place on April 19th, 2018. It will be held simultaneously in Montreal (at École de technologie supérieure) and in Edmonton (on the Campus of the University of Alberta) with a video – conferencing connection.

This Scientific Session will have two themes. In the morning, speakers will address “Innovations in Fibres and Filaments”. In the afternoon, experts will speak about the “Role of Textiles and Related Flexible Materials in Infrastructure Renewal”.
